

# STETSON UNIVERSITY

## RESIDENTIAL LIVING & LEARNING

# NEMEC HALL

## WELCOME TO NEMEC HALL

Nemec Hall consists of five two-story residential buildings, or "pods", offering shared-occupancy and individual-occupancy rooms with community-style bathrooms. A two-story central pod serves as the community commons.

## TEST YOUR ACCESS

Your Student ID will grant you access to your building and your key will access your bedroom. If you have trouble with your key or accessing your building, contact our office at 386-822-7201.

## SECURE YOUR SPACE

Help create a safe space for you and your fellow residents by ALWAYS locking your door and reporting suspicious behaviors to your RA, Residential Life Coordinator or Public Safety.

If you lose your key or Student ID, visit the RL&L office ASAP to request a replacement. We can disable your Student ID until a replacement is provided.

## COMMON SPACES

Common spaces are a great place to study, watch TV, play card/board games and hang out with your guests and fellow residents! Every floor in each of the five residential pods offers a central common space lounge for residents of the floor. The space includes a large TV and comfortable tables and seating. In addition, the first floor of the central pod offers separate classroom and quiet study spaces.

## COMMUNITY KITCHEN

You can find your community kitchen on the first floor of the central pod. Please keep in mind that your fellow Hatters use this space, so be sure to clean up after yourself! You should always label any food you store in the community fridge with your name or room number.

## COMMUNITY LAUNDRY

Laundry is free to campus residents! The laundry room contains multiple washers and dryers to support your community and can be found on the basement level of the central pod.

## **NEMEC HALL BATHROOMS**

Nemec Hall provides residents with community bathrooms on each floor of all five residential pods. Our facilities team cleans the community bathroom each weekday, checking to ensure paper products are fully stocked and each bathroom and shower stall has been cleaned and sanitized. A small number of rooms in Nemec Hall include a private bathroom. Residents assigned to these rooms are responsible for cleaning their own bathroom.

## **TRASH/GARBAGE**

The facilities staff work hard to keep your building and common spaces clean and free of trash and debris. Please do your part by not leaving trash or boxes in the hallway or community bathrooms. Dumpsters/compactors can be found in the parking lot on the south side of Nemec Hall.

## **RECYCLING STATIONS**

Every building/residential area is equipped with a recycling station outside. Bins are provided for plastic/cans and paper. Please be sure to breakdown all boxes so they can be easily collected by our facilities team!

## **RESIDENT INTERNET**

Our residential internet service is provided by myResNet, the premier provider of residential network wireless internet. Students can create an account and password to access the residential wifi network by visiting <https://stetson.apogee.us/> and sign in with your Stetson Username and Password. You can also request wifi support on this website and even chat with a service team member.

## **MAINTENANCE REQUESTS**

Our university facilities team handles requests for paint, maintenance, plumbing, electrical, custodial issues, and pest control within our residential buildings. Students can submit requests regarding these concerns by submitting a Maintenance Request online through [myStetson](https://myStetson.com).

## **FIRE SAFETY**

Every building is equipped with a fire alarm/alert system and our staff conduct fire drills every semester. These systems are sensitive, so avoid using aerosols near the detection units in your room, do not leave the kitchen if cooking to avoid burning food, and do not hang anything on or cover the units.

**Emergency Evacuation Location:**  
**Grass field between Gordis and Smith Halls**

## **HELPFUL CONTACTS**

**Residential Living & Learning - 386.822.7201**  
**Hatter1 Card Office - 386.822.7782**
